Stevenson Dance Program Presents

Imagination

AN EVENING OF INSPIRED DANCE MOVEMENT

Stevenson’s dance program weaves together student exploration, imagination, courage, and endurance into a flowing tapestry of physical art. Our dancers have poured an extraordinary amount of their time, energy, and spirits into this performance, demonstrating selfless dedication to their art and each other through exemplary collaboration, mutual encouragement, and studied grace.

Using each other as guides, our dancers have moved beyond their own boundaries to explore the possibilities of self-expression by embodying melodies, rhythms, and feelings sourced from deep within their imaginations. Stevenson dancers invite you to explore the art of movement with us and experience the raw emotion, creative freedom, and entertaining characters featured in our program. We hope you enjoy the show!
