

Learning Modes	Upper Division
<b>CAMPUS</b>	Students attend class on the Pebble Beach campus. All campus activities will adhere to physical distancing recommendations, reduced density guidelines, and other appropriate safety measures (see the <a href="#">General information regarding health and safety section</a> for guidelines).
<b>REMOTE SYNCHRONOUS</b>	Students attend classes synchronously from home. Classes will be streamed online, allowing those who cannot be on campus full access to the classroom experience.
<b>REMOTE ASYNCHRONOUS</b>	For students in time zones where it is unfeasible for them to attend a class in real time, class recordings and materials will be available through Canvas. Our rotating, 8-day schedule means that no one course will be heavily impacted (each course will only meet once in the morning every 8 cycle days, with 75% of class meetings occurring after 1:00 p.m. for the remainder of the school year).
