Math Placement Requirements Returning Students 2023

Algebra students who earn:

- 95% or better and have the recommendation of the Algebra teacher take **Geometry Honors**
- C+ or better and have the recommendation of the Algebra teacher take **Geometry**
- C- to C range take **Geometry A**
- D+ or below take **Algebra**, unless they take a summer algebra 1 course

Algebra Honors students who earn:

- B- or better and have the recommendation of the Algebra Honors teacher take **Geometry Honors or Geometry**
- C- to B- range take **Geometry**
- D+ or below take **Algebra**, unless they take a summer geometry course

Geometry A students who earn:

- 95% or better and have the recommendation of the Geometry A teacher take **Advanced Algebra / Trigonometry / Precalculus (AATP)**
- C- or better and have the recommendation of the Geometry A teacher take **Intermediate Algebra**
- D+ or below take **Geometry A** again, unless they take a summer geometry course

Geometry students who earn:

- 95% or better and have the recommendation of the Geometry teacher take **Advanced Algebra / Trigonometry / Precalculus Honors (AATP Honors)**
- C+ or better and have the recommendation of the Geometry teacher take **Advanced Algebra / Trigonometry / Precalculus (AATP)**
- C- to C+ range take **Intermediate Algebra**
- D+ or below take **Geometry** again or **Geometry A**, unless they take a summer geometry course

Geometry Honors students who earn:

- B- or better and have the recommendation of the Geometry Honors teacher take **Advanced Algebra / Trigonometry / Precalculus Honors (AATP Honors) or Advanced Algebra / Trigonometry / Precalculus (AATP)**
- C- to B- range take **Advanced Algebra / Trigonometry / Precalculus (AATP)**
- D+ or below take **Geometry**, unless they take a summer geometry course

Intermediate Algebra students who earn:

- B- or better and have the recommendation of the Intermediate Algebra teacher take **Advanced Algebra / Trigonometry / Precalculus (AATP)**
- C- to B- range and are going to be in grade 12 take **Math 4**, those going to a different grade should consult with the head of the math department
- D+ or below take **Intermediate Algebra** again, unless they take summer algebra

Advanced Algebra / Trigonometry / Precalculus (AATP) students who earn:

- 95% or better and have the recommendation of the AATP teacher and successfully complete summer work provided by the math department take **AP Calculus AB**.
- C+ or better and have the recommendation of the AATP teacher take **Calculus**
- C- or C consult with the head of the math department and College Center to choose the most appropriate course
- D+ or below take **Advanced Algebra / Trigonometry / Precalculus (AATP)** again or **Intermediate Algebra**, unless they take a summer algebra 2 course
- Any grade and are going to be in grade 12 take **Math 4**

Advanced Algebra / Trigonometry / Precalculus Honors (AATP Honors) students who earn:

- B+ or better and have the recommendation of the AATP Honors teacher take either **Calculus** or **AP Calculus AB**. They can optionally prepare for the AP course by completing summer work provided by the math department.
- C+ to B+ range take **Calculus**.
- C- or C consult with the head of the math department and College Center to choose the most appropriate course
- D+ or below take **Advanced Algebra / Trigonometry / Precalculus (AATP)** or **Intermediate Algebra**, unless they take a summer algebra 2 course
- Any grade and are going to be in grade 12 take **Math 4**

Calculus students who earn:

- B or better and have the recommendation of the **Calculus** teacher take **AP Calculus AB**.
- B+ or better and have the recommendation of the Calculus teacher take **Statistics Honors**
- Any grade and are going to be in grade 12 take **Math 4**
- D+ or below take **Calculus** again unless they take a summer calculus course

AP Calculus AB students who earn:

- B- or better and have the recommendation of the AP Calculus AB teacher take **AP Calculus BC**
- C+ or better and have the recommendation of the AP Calculus AB teacher take **Statistics Honors**
- Any grade and are going to be in grade 12 take **Math 4**

continued on the next page

AP Calculus BC students who earn:

- B- or better and have the recommendation of the AP Calculus BC teacher take **Multivariable Calculus**
- C+ or better and have the recommendation of the AP Calculus BC teacher take **Statistics Honors**
- Any grade and are going to be in grade 12 take **Math 4**

Multivariable Calculus students who earn:

- Any grade and are going to be in grade 12 take **Math 4**
- Any grade take **Statistics Honors**

Statistics Honors students who earn:

- Any grade and are going to be in grade 12 take **Math 4**
- Any grade take **Multivariable Calculus**
